

GEOPHYSICAL DATA AND INFORMATION STATEMENT

(INSERT-*Company Name and MMS Qualification Number*) possesses or controls the following geophysical data and information used in the evaluation for all block(s) bid upon in OCS Lease Sale Number _____. Please list all 3D data sets and/or 2D lines. Indicate general processing type(s)¹, extent² of seismic data used, if data is reprocessed, and date of reprocessing.

2D Data

<i>Protraction</i>	<i>Block(s)</i>	<i>Line Names</i>	<i>Description of Processing</i>	<i>Reprocessed?</i>	<i>Date</i>
--------------------	-----------------	-------------------	----------------------------------	---------------------	-------------

3D Data

<i>Protraction</i>	<i>Block(s)</i>	<i>Survey Name and Number of Blocks Covered</i>	<i>Description of Processing</i>	<i>Reprocessed?</i>	<i>Date</i>
--------------------	-----------------	---	----------------------------------	---------------------	-------------

Contact Name³/Telephone: _____

Alternate Name/Telephone: _____

(INSERT-*Company Name and MMS Qualification Number*) does not possess or control geophysical data and information that was used in the evaluation of the following block(s) bid upon in OCS Lease Sale Number _____:

Protraction & Block

(Signature of Company Official)

(Name of Official⁴)

(Title of Official)

(Date Submitted)

¹ "Type" means you should identify whether the data is 2D or 3D, migration (time and/or depth) and description of algorithm and date of processing.

² "Extent" means the number of blocks of 3D or name of 2D lines used in evaluating the block(s).

³ Contact person should be an exploration manager or someone in a comparable position knowledgeable about the data sets (that were processed or reprocessed) used in evaluating the block(s).

⁴ An official in accordance with signatory authorization on file with the MMS Alaska OCS Region office.

(INSERT-*Company Name and MMS Qualification Number*) does not possess or control geophysical data and information that was used in the evaluation of the following block(s) bid upon in OCS Lease Sale Number _____:

Protraction & Block

(Signature of Company Official)
(Name of Official)⁸
(Title of Official)
(Date Submitted)

⁵ "Type" means you should identify whether the data is 2D or 3D, migration (time and/or depth) and description of algorithm and date of processing.

⁶ "Extent" means the number of blocks of 3D or name of 2D lines used in evaluating the block(s).

⁷ Contact person should be an exploration manager or someone in a comparable position knowledgeable about the data sets (that were processed or reprocessed) used in evaluating the block(s).

⁸ An official in accordance with signatory authorization on file with the MMS Alaska OCS Region office.

SAMPLE:

Geophysical Information Envelope⁹

Geophysical Data and Information Statement for Oil and Gas Lease Sale 193

Great Resources Corporation

Alaska Company Qualification Number 123456

Protraction & Block(s)

PROPRIETARY DATA

NOT TO BE OPENED UNTIL AFTER SALE 193 BID OPENING

⁹ Bidders must submit a Geophysical Data and Information Statement for each block they bid upon. The statement must be submitted in a sealed envelop separate from the bid envelope. A statement may cover one or several blocks, but each block for which the statement applies must be clearly identified in the statement and on the envelope.
