A listing of blocks included in the sale is available at the MMS office listed above. The locator map (also available at <http://www.mms.gov/alaska>) may assist you in locating a particular block, but it should not be used for the official description of blocks available for lease. The OCS Official Protraction Diagrams constitute the official descriptions of the areas offered.

Note that block numbers may repeat between OCS Official Protraction Diagrams. To uniquely describe a lease tract, you must reference both the OPD number and the block number.
