

# **IMEMS 2004**

## **7th International Marine Environmental Modeling Seminar**

Washington Plaza Hotel, Washington D.C.

October 19 - 21, 2004

### **Impact Assessment, Resource Management, and Mitigation**

*Modeling Applications and Development Papers Accepted World-wide  
With Focus on North American Coastal Waters*

Papers are sought describing development or application of numerical models which could be useful in North American waters.

Application areas may therefore range from tropical to Arctic.

#### **Guest Speakers:**

Professor Emeritus Don MacKay, Trent University

Professor Eileen Hofmann, Old Dominion University

Professor Kisaburo Nakata, Tokai University

Dr. Hans Dahlin, Director EuroGOOS

Professor Antonio Baptista, Oregon Health & Science University

Dr. Robert LaBelle, Minerals Management Service
