RE: **RIN 1010-AD11**
Pipelines and Pipeline Rights-of-way
Request for Time Extension for Comments to both OMB and DOI

Trunkline Gas Company, LLC and Sea Robin Pipeline Company, LLC, operating collectively under the Panhandle Energy (PE) name, operate an extensive interstate natural gas transmission system, of which 966 miles are offshore. This pipeline system receives natural gas from the major production areas of the Gulf Coast for transportation and sale in the Upper Midwest of the United States. The operation of this pipeline system is subject to the requirements of Title 49 Code of Federal Regulation Parts 190, 191, 192, 193, and 199 and Title 30 Code of Federal Regulations Part 250, Subpart J, regarding Pipeline Rights-of-Way

PE is preparing comments per the notice at Volume 72, No. 191 FR 56442. PE believes that this Rulemaking is significant, but that it will take longer than the January 31, 2008 deadline to prepare complete comments. PE therefore requests the deadline for comments to both OMB and DOI be extended from January 31, 2008 to April 30, 2008
