Government Agency: MMS

General Comment

doi mms execs playing footsie and bedsie with oil executives - just what we need in govt agencies. the skanky slimy washington dc bureaucrats are not doing an honest days work anymore. i dont trust any changes the current people in washington dc make. it seems they are all looking to line their pockets and the heck with american safety, health or quality of life. we need gao to investigate this agency from top to bottom and we need its budget cut.
