Figure D-1. Combined two-year fall and winter percent species composition for all species collected in gillnets at four shoal and four reference sites in the Atlantic Ocean off the coast of Maryland and Delaware from November 2002 to September 2004. Ref – All reference sites combined. Shoal – All shoal sites combined.

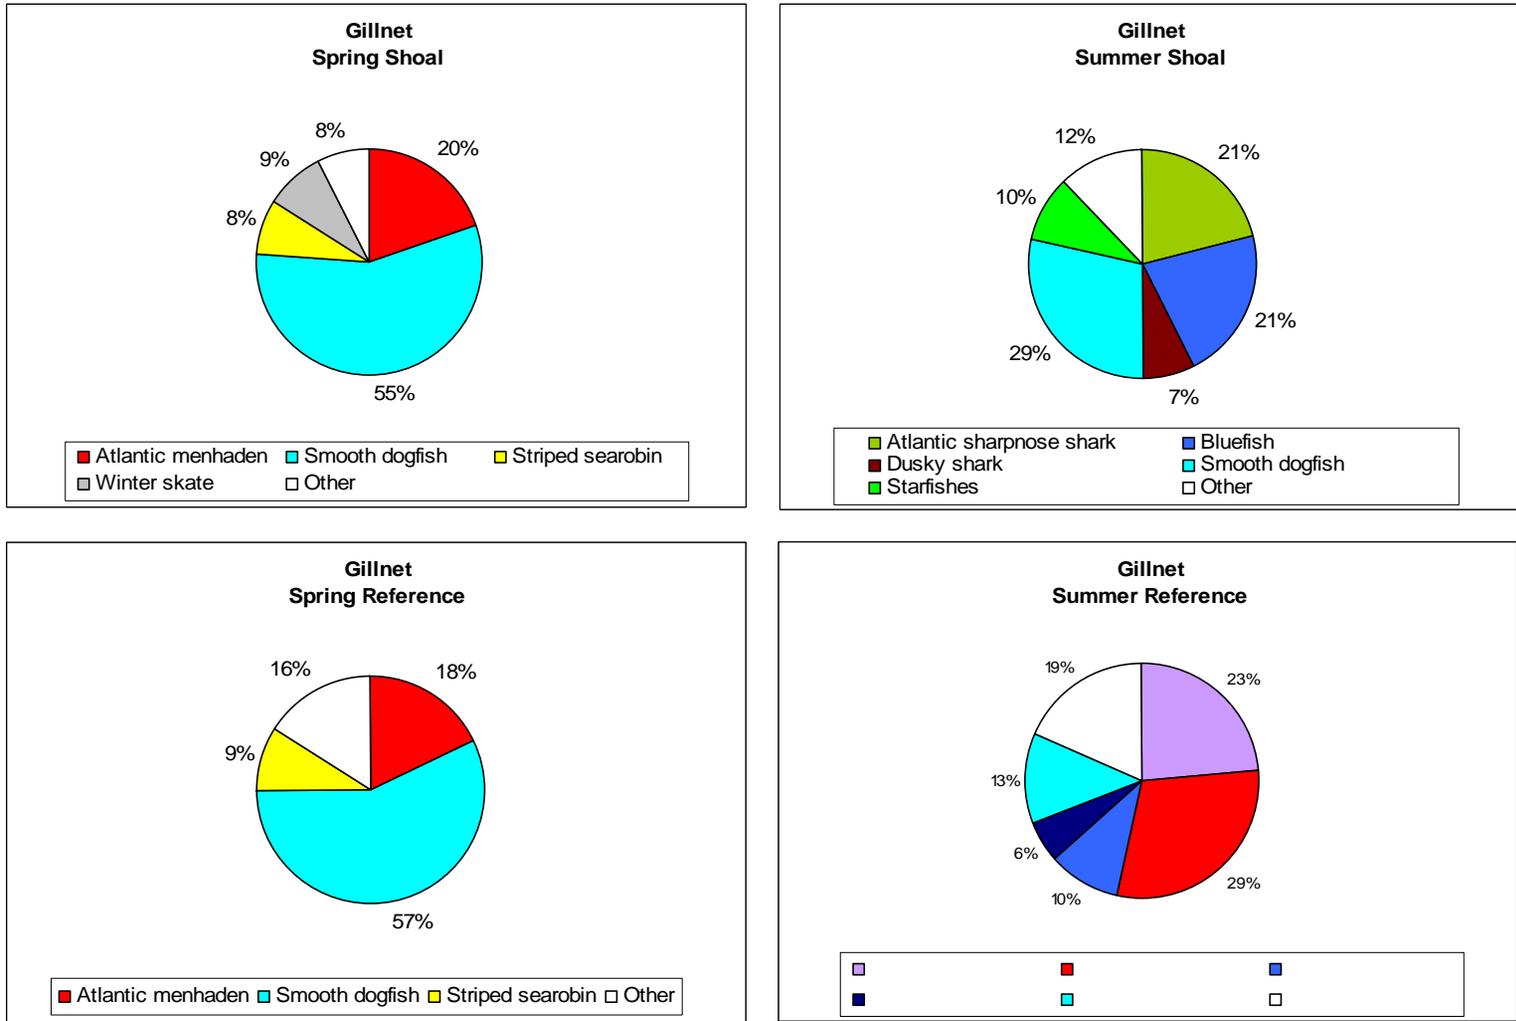

Figure D-2. Combined two-year spring and summer percent species composition for all species collected in gillnets at four shoal and four reference sites in the Atlantic Ocean off the coast of Maryland and Delaware from November 2002 to September 2004. Ref – All reference sites combined. Shoal – All shoal sites combined.

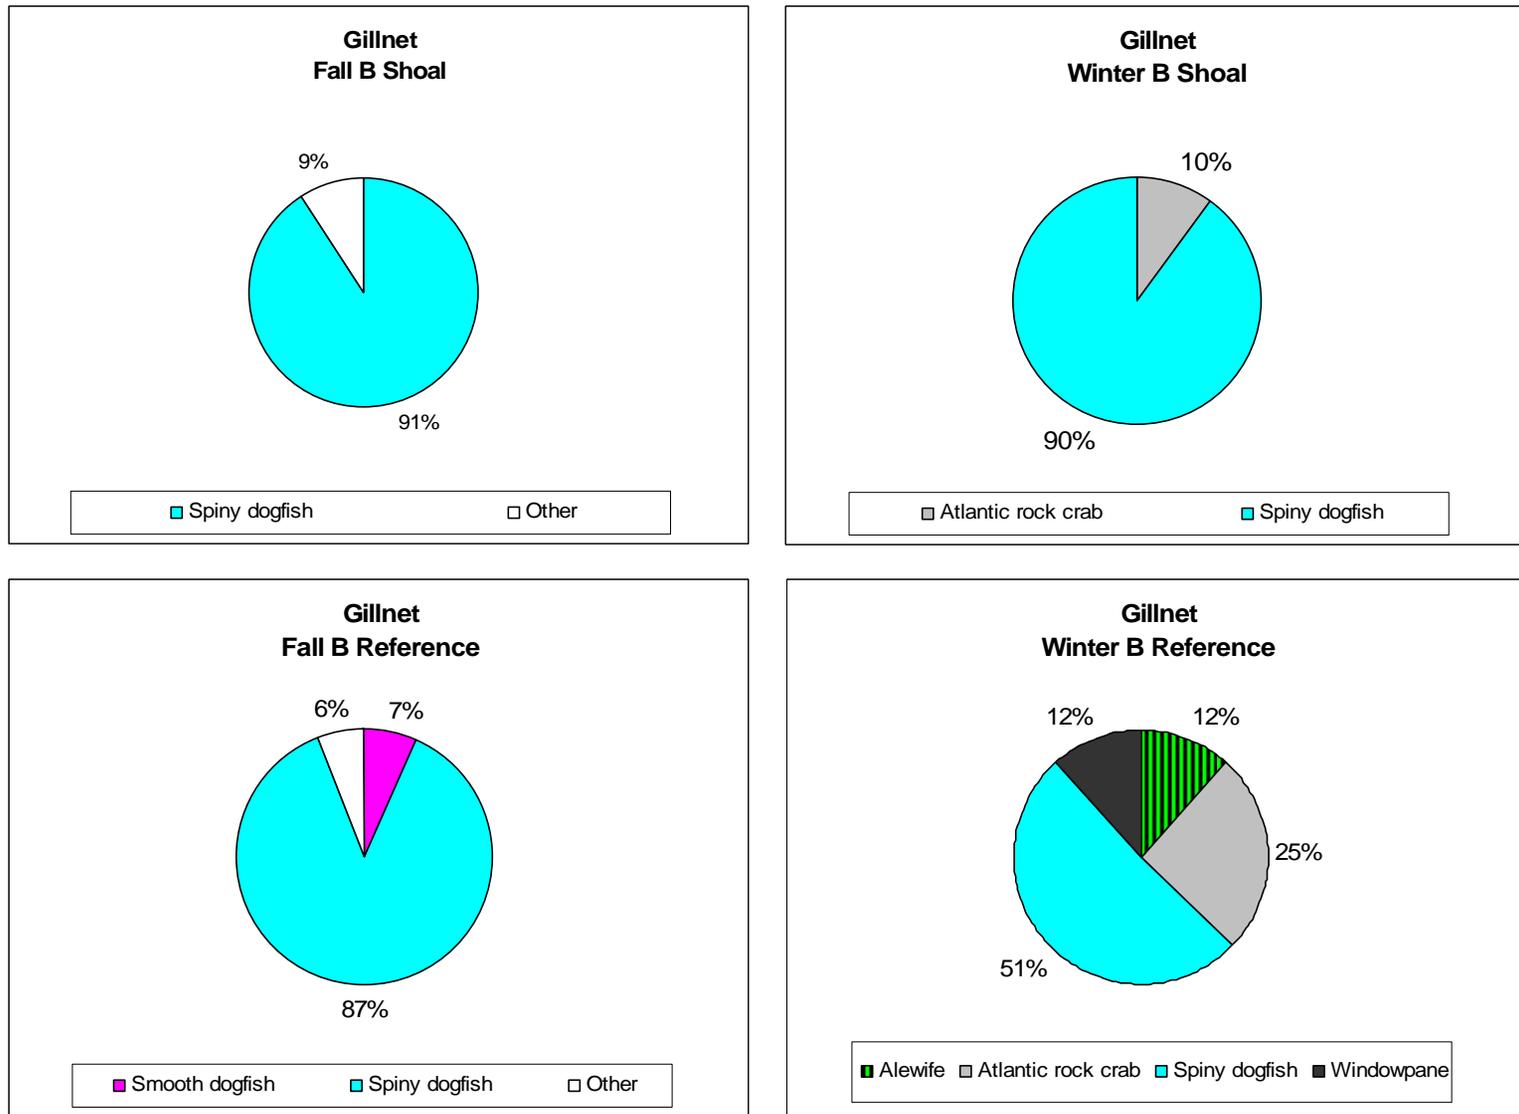

Figure D-3. Combined two-year fall and winter percent composition for all species collected in gillnets at Shoal B and Shoal B Reference site in the Atlantic Ocean off the coast off Maryland and Delaware from November 2002 to September 2004.

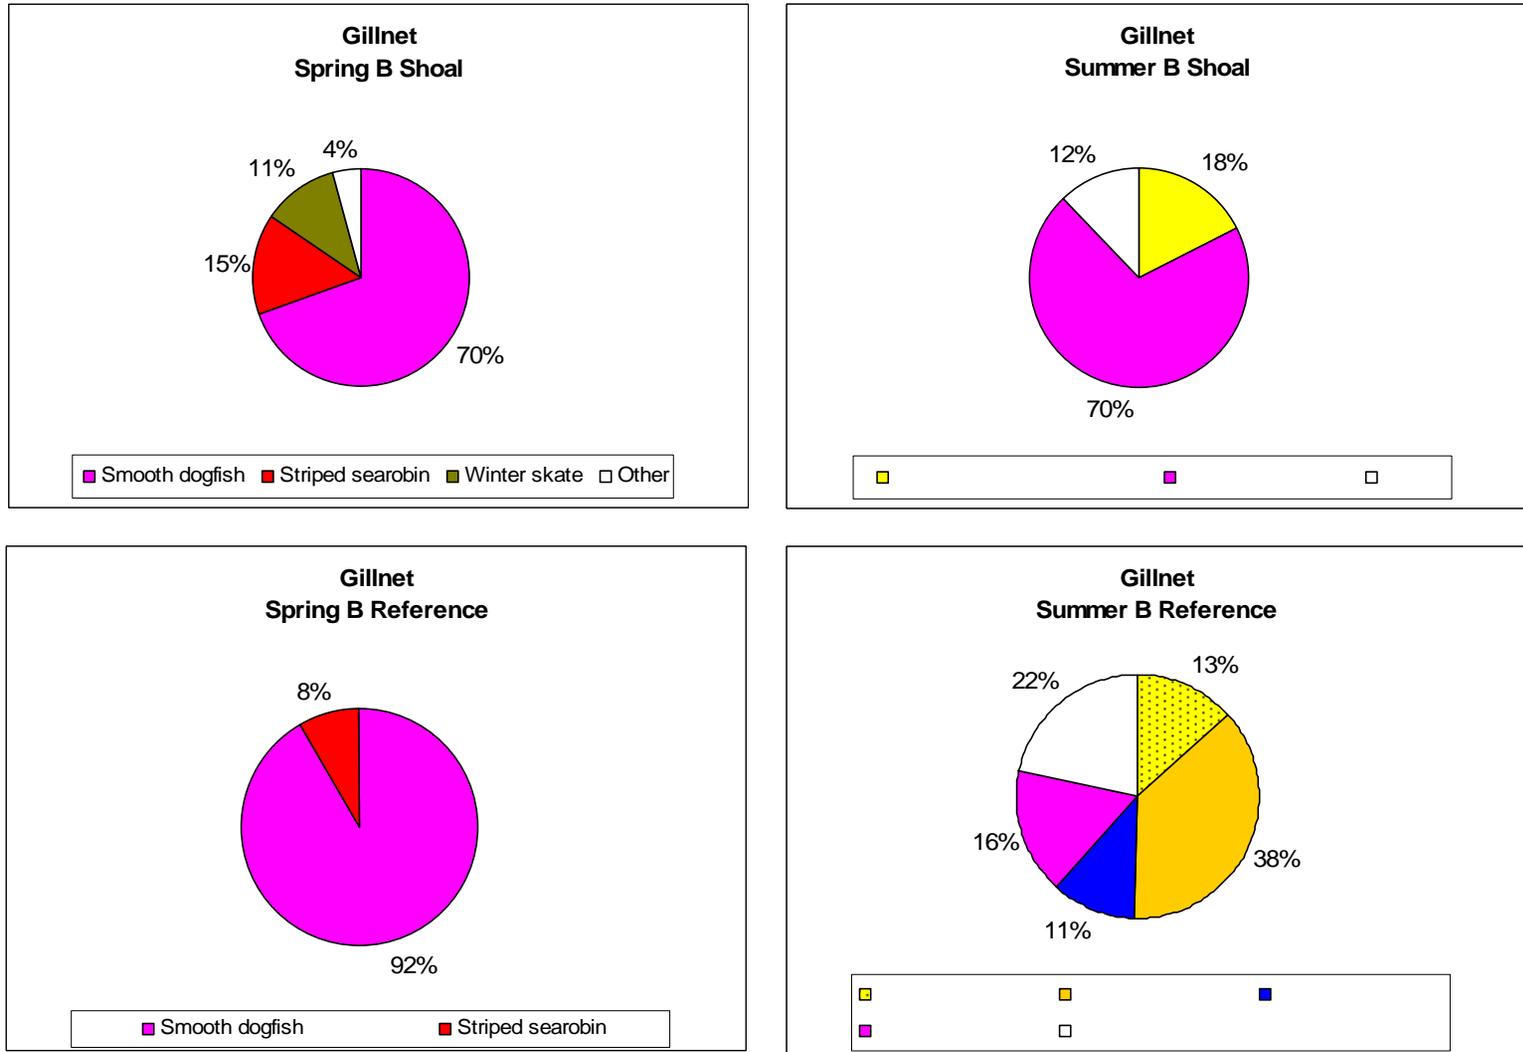

Figure D-4. Combined two-year spring and summer percent composition for all species collected in gillnets at Shoal B and Shoal B Reference site in the Atlantic Ocean off the coast of Maryland and Delaware from November 2002 to September 2004.

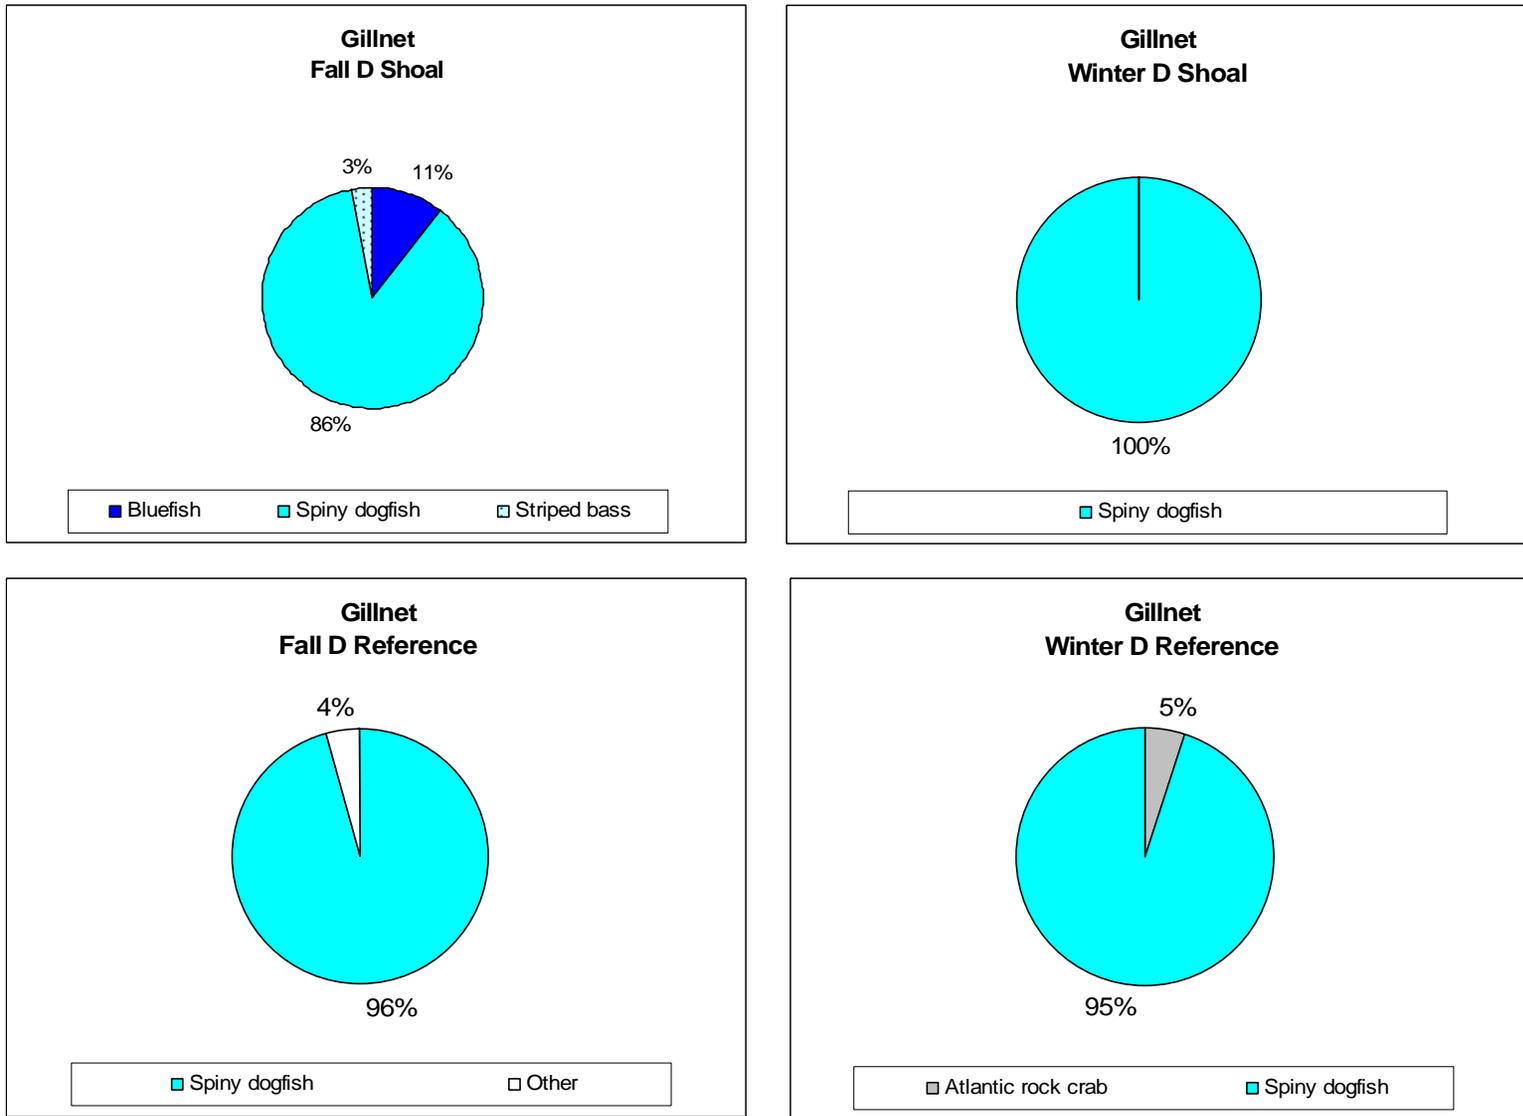

Figure D-5. Combined two-year fall and winter percent composition for all species collected in gillnets at Shoal D and Shoal D Reference site in the Atlantic Ocean off the coast of Maryland and Delaware from November 2002 to September 2004.

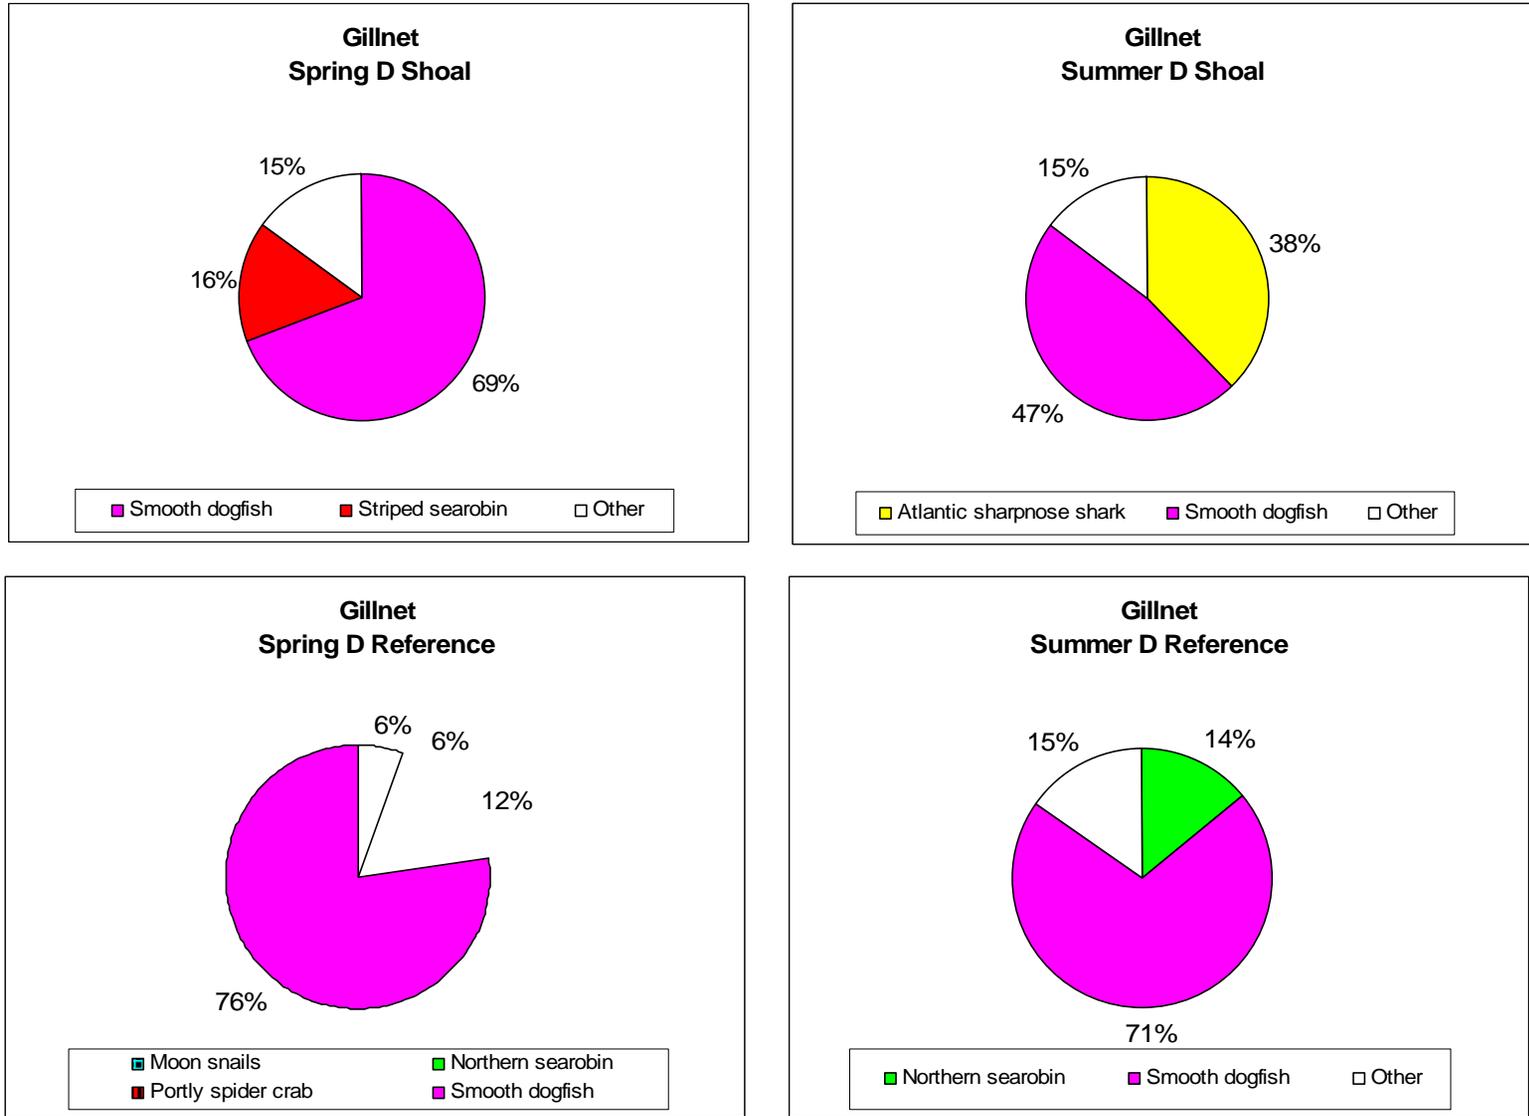

Figure D-6. Combined two-year spring and summer percent composition for all species collected in gillnets at Shoal D and Shoal D Reference site in the Atlantic Ocean off the coast of Maryland and Delaware from November 2002 to September 2004.

Figure D-7. Combined two-year fall and winter percent composition for all species collected in gillnets at Fenwick Island Shoal and Fenwick Island Reference site in the Atlantic Ocean off the coast of Maryland and Delaware from November 2002 to September 2004.

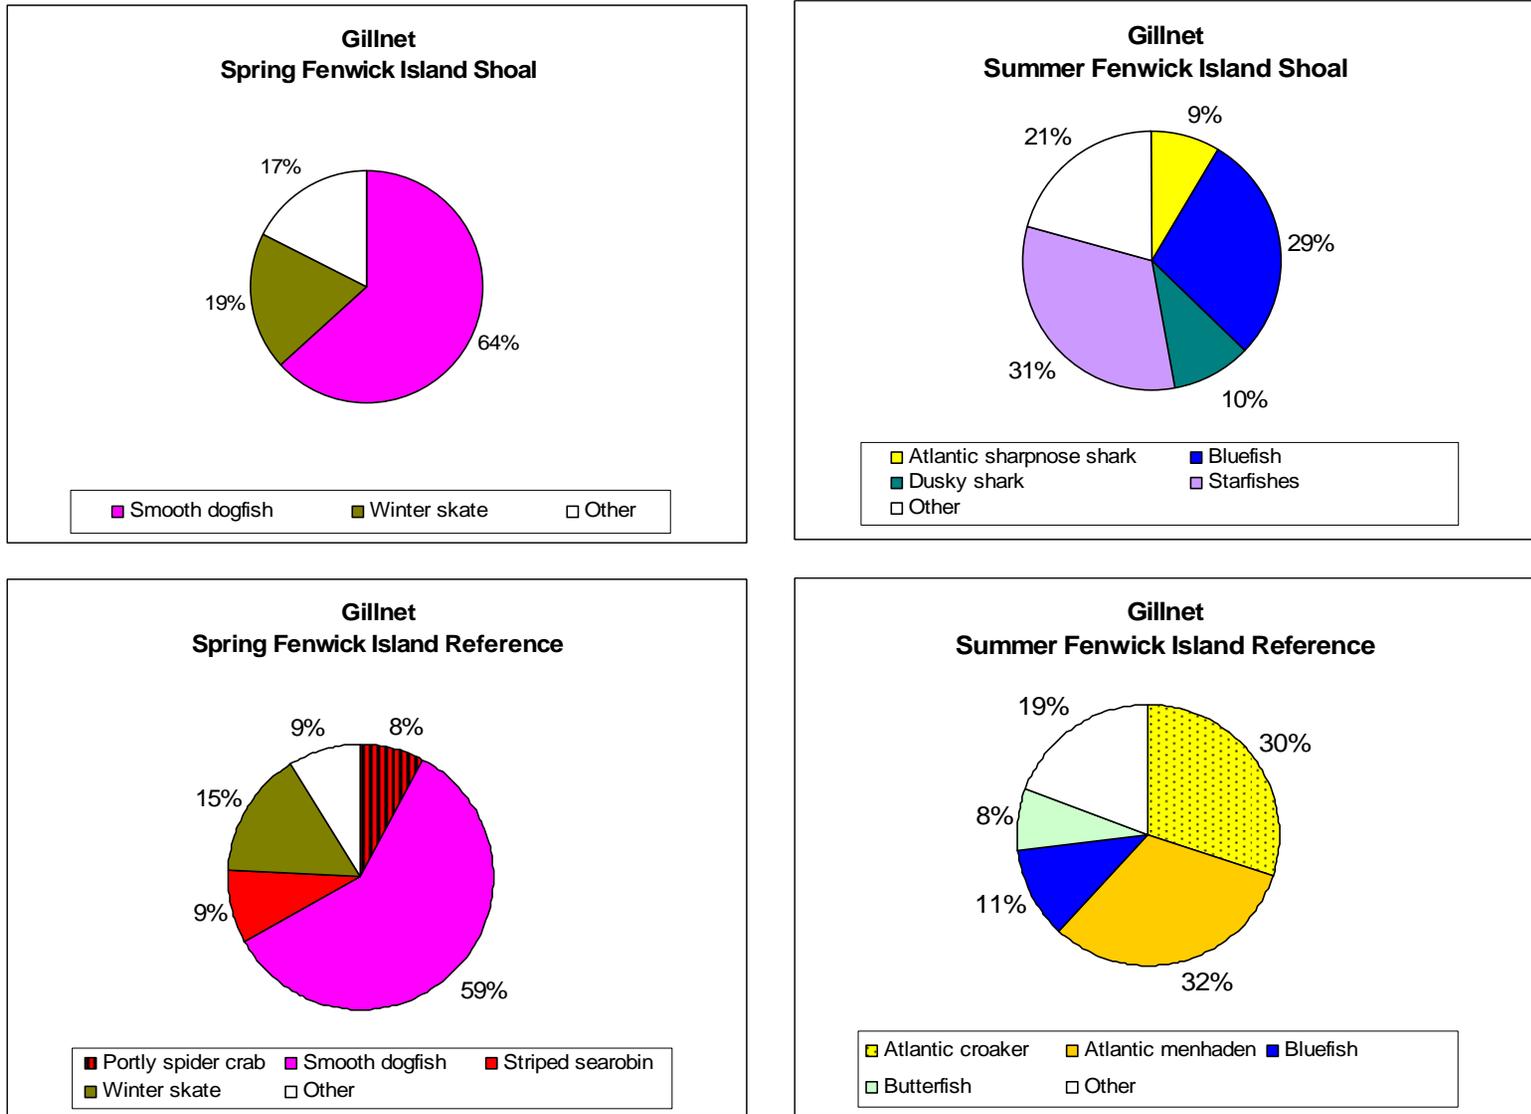

Figure D-8. Combined two-year spring and summer percent composition for all species collected in gillnets at Fenwick Island Shoal and Fenwick Island Shoal Reference site in the Atlantic Ocean off the coast of Maryland and Delaware from November 2002 to September 2004.

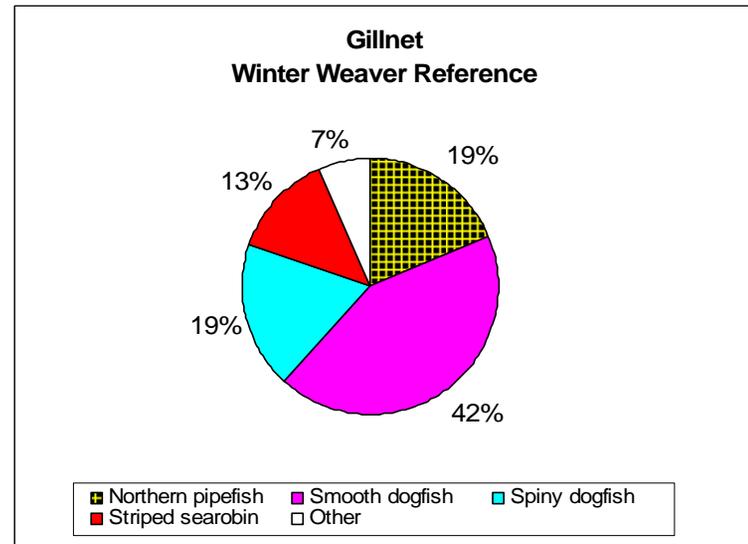

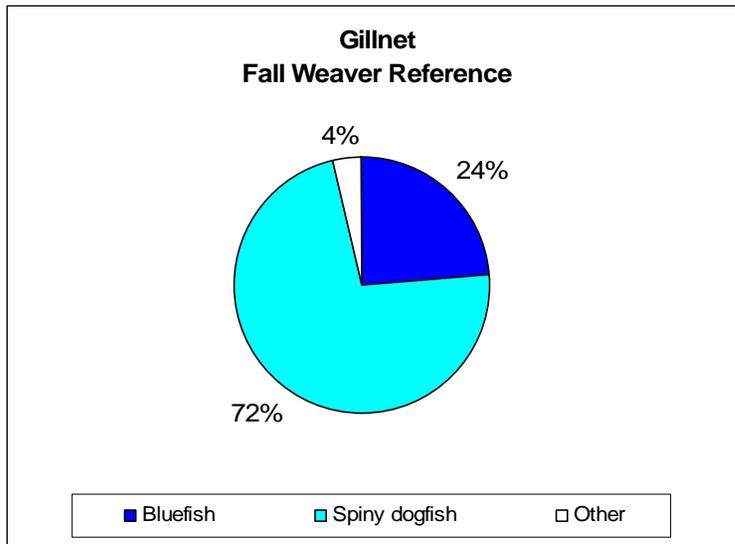

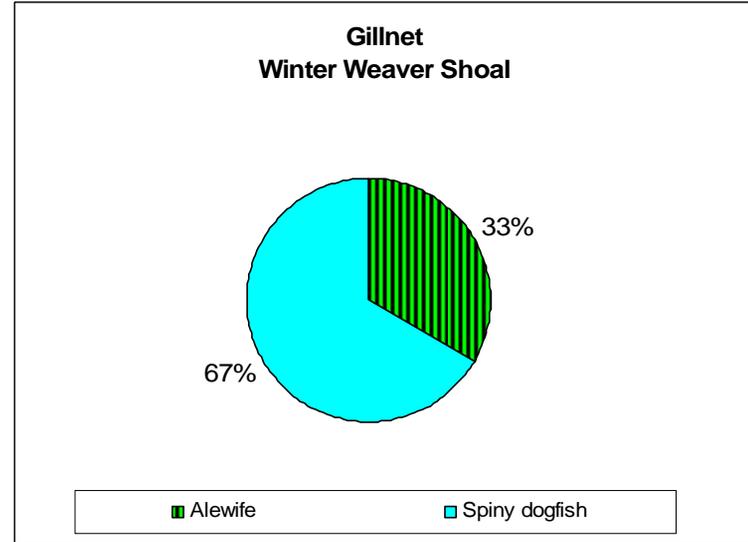

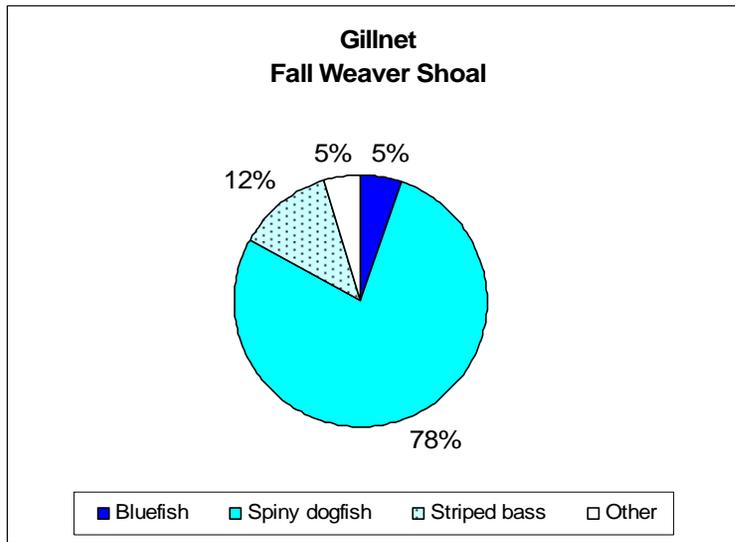

Figure D- 9. Combined two-year fall and winter percent composition for all species collected in gillnets at Weaver Shoal and Weaver Reference site in the Atlantic Ocean off the coast of Maryland and Delaware from November 2002 to September 2004.

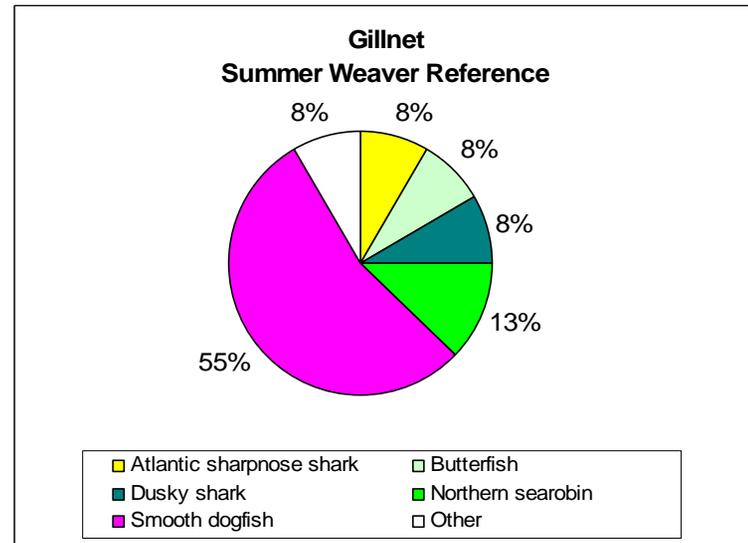

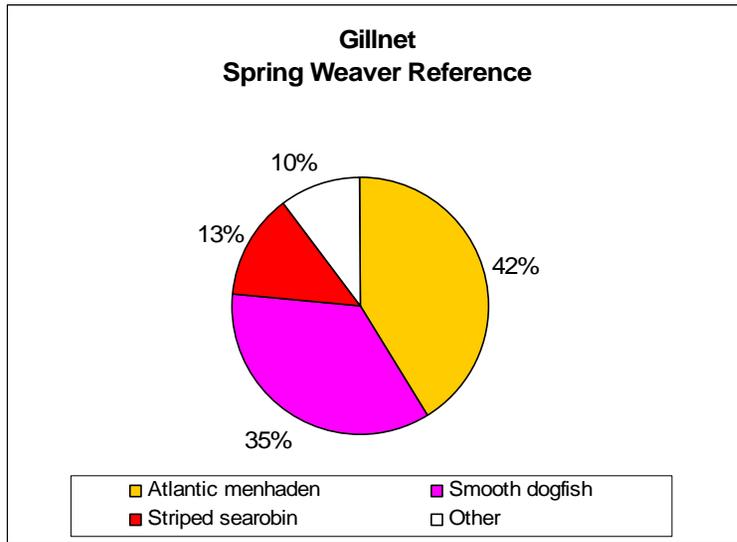

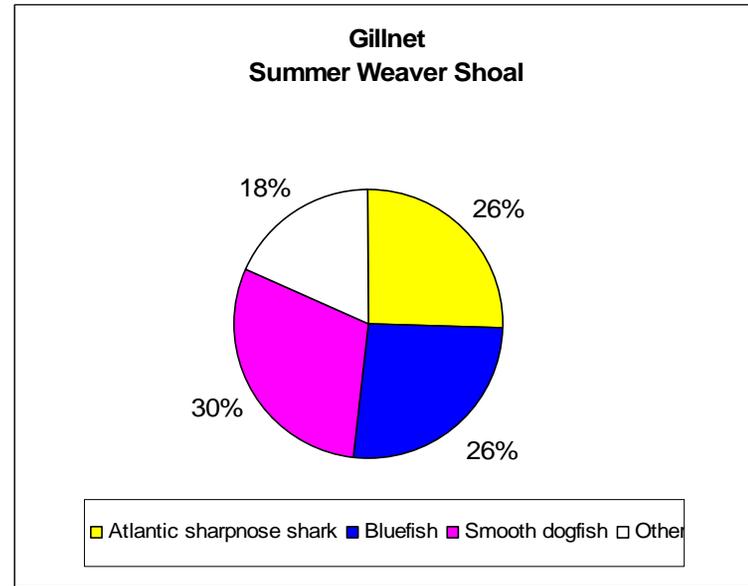

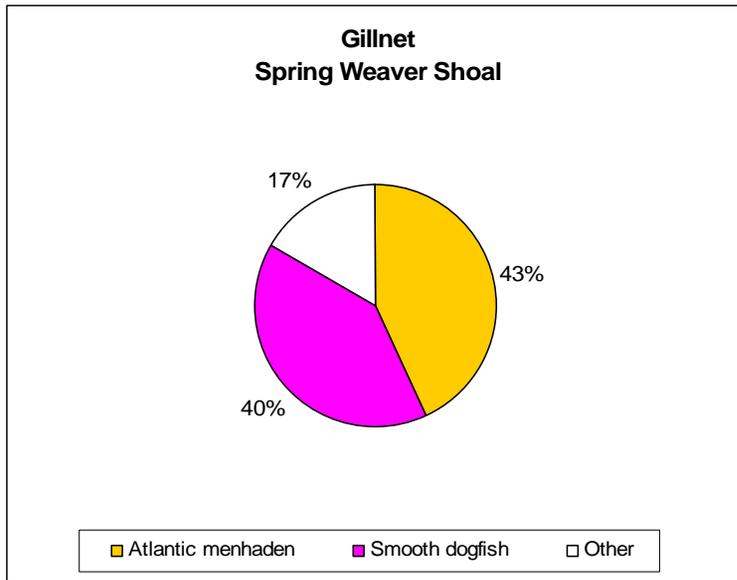

Figure D-10. Combined two-year spring and summer percent composition for all species collected in gillnets at Weaver Shoal and Weaver Shoal Reference site in the Atlantic Ocean off the coast of Maryland and Delaware from November 2002 to September 2004.
